

# The curve revolution

1000R, the new apex of curved screen technology, matches the contours of the human eye for unimaginable realism.

# Game-changing 1000R

Vivid scenes wrap even more tightly around you. Experience the next level of heart-pounding gaming that's superior to anything you've seen before. The 1000R 49-inch super ultra-wide display fills your peripheral vision and draws you into the character's shoes.

# HDR1000 and HDR10+

Imagery even closer to reality. HDR1000 darkens darks and brightens whites for more dimensional contrast. HDR10+ optimizes brightness and contrast so game scenes look exactly how the developer intended. Visuals look out of this world and just like true life, all at the same time.

# Dual QHD display

The gaming world of your imagination made real. The 49-inch DQHD resolution brings you a display as wide as two QHD monitors sitting side by side, with incredibly detailed, pin-sharp images. Experience a more encompassing view with maximum space to take in all the action.

# Design's new frontier

The pinnacle of #gameroomgoals. No matter where you play, turn heads with a sleek monitor design, which brings cutting-edge style to your setup.

# Low input lag.

# Rapid reflexes.

Seize winning control. The incredibly-low 2ms input lag brings never-before-experienced response accuracy to catch notoriously-agile enemies. It's so fast, that action begins instantly when you turn on the screen, with virtually no delay between your peripherals and the game.

# Quick, smooth reflexes

Conquer every enemy, even at soaring speeds. 240Hz RapidCurve eliminates lag for exhilarating gameplay with ultra-smooth action. Jump on enemies right when you see them with a 1ms response time, precise mouse movements, and blur-free frames with no ghosting.

# G-Sync compatible

Hyper action made seamless. G-Sync compatibility keeps the GPU and panel synced up to eliminate choppiness, screen-lag, and image tears. Fast-action and complex game scenes are stable and stutter-free with AMD FreeSync Premium Pro for your competitive edge.

# Convenience in mind

Find your winning position. Swivel, tilt, and adjust the height until you're set up for victory. Fully compatible with VESA-standard monitor arms, the screen can be moved effortlessly to your ideal position. Multiple ports are easy to access, and hook up to your favorite devices with no mess.
