

## Captivating Curves

Immerse yourself in work or play. The 1800R curved screen wraps around you, pulls you in, and keeps you focused. Even during extended use, the curvature reduces eye strain, so computing is more comfortable than ever before.

# Supersleek Screen

Designed with style in mind. The 3\_sided bezel\_less display stretches from edge to edge for maximum viewing and a minimalist aesthetic. A refined dark blue gray exterior and Y\_shaped stand base bring a sleek, modern look to your desk.

# All Action, No Delay

Superfluid entertainment experience. AMD Radeon FreeSync™ keeps your monitor and graphics card refresh rate in sync to reduced image tear and stutter. Watch movies and play games without any interruptions. Even fast action scenes look seamless and smooth.

# More Gaming Power

Ideal game settings instantly give you the edge. Get optimal color settings and image contrast to see scenes more vividly and spot enemies hiding in the dark.

Game Mode adjusts any game to fill your screen with every detail in view.

## See True Detail

Every scene, incredibly defined. Samsung's innovative VA Panel technology delivers an outstanding 3000:1 contrast ratio with deeper blacks and more brilliant whites. Minimal light leaks from corner to corner so even very dark or bright images are crystal clear on your screen.

# Focused Comfort

Protect your eyes and do more. The CR50's advanced eye comfort technology reduces eye strain for more comfortable extended computing. Flicker Free technology continuously removes tiring and irritating screen flicker, while Eye Saver Mode minimizes emitted blue light. Your eyes stay fresh longer.
