

SAMSUNG LED Monitor | SF35

FEEL THE SUPER SLIM DESIGN WITH SAMSUNG LED MONITOR

Dress up your workspace with the stylish and super slim Samsung SF35 monitor. Optimized features, such as AMD FreeSync and Game Mode, create a more immersive gaming experience. And thanks to Eye-saver Mode and Flicker Free, you can enjoy comfortable viewing with less eye fatigue.

Why Samsung LED Monitor?

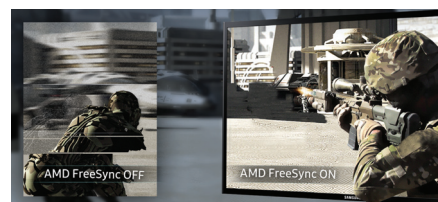

Incredibly slim profile and stylish, contemporary design / 01

Super slim panel : at an incredibly slim 10mm* - as slender as a ballpoint pen- the one-piece panel is more than twice as thin as standard Samsung monitors.

Simple circular stand : elegantly complements the super slim display.

Patterned rear panel : provides a stylish, contemporary finish.

*Based on the thinnest part

Perfectly Smooth Gameplay / 02

AMD FreeSync* : minimizes stutter and ensures flawlessly smooth gameplay.

Game Mode : optimizes color and contrast, for enhanced gaming experience.

Best-in-Class 5,000:1 Contrast Ratio** : ensures clear visibility in the darkest and brightest scenes.

*AMD FreeSync is only available for 23.5", 27"

**5,000:1 Contrast Ratio is only for 31.5"

Optimized for Viewing Comfort / 03

Eye Saver Mode : reduces eye fatigue, lowering the blue light level.

Flicker Free : minimizes distracting screen flicker.

Extra-wide viewing angle for the perfect view from anywhere / 04

Extra-wide 178-degree viewing angle* : enables that everyone can enjoy the perfect view from any position, whether sitting back to relax or gathered around with your friends.

*21.5" is not available

Eco Saving Plus / 05

Samsung's eco-saving technology : fluidly adjusts display brightness based on the luminance of screen blacks to reduce energy consumption by up to 10%*.

*Based on internal testing
