▌About HOLOWITS

Vision and Mission:
Everything Sensing for an Intelligent World

Company Profile:
HOLOWITS is a global provider of intelligent Internet of Things (IoT) products and solutions based on multi-dimensional awareness technologies, and integrates a broad range of capabilities such as R&D, production, distribution, sales and service capabilities.

HOLOWITS is endowed with intelligent vision technologies, a full-fledged industry chain, and powerful technical support capabilities. Responding to the ever-growing global demand for visual intelligence, HOLOWITS is committed to developing AI-enabled Software-Defined Camera (SDC), intelligent video storage and computing platforms, as well as cloud services. These offerings can be applied in a wide variety of scenarios such as intelligent city, intelligent transportation, intelligent energy, intelligent manufacturing, intelligent campus, and intelligent retail.

We aim to work together to build an intelligent world with all things sensing. To achieve this, we are devoted to providing safe, reliable, easy-to-use, and outstanding products and solutions for the global market.
